

IP68 Double Head Spring Button LED On/Off Switch

This double-headed spring button switch controls on/off functionality. An integrated LED provides clear status indication, and its IP68 rating ensures protection against dust and water.

Product Overview

Specializing in production of buttons and indicators since 1997

Durable industrial double-headed button with integrated LED status indicator.

Industrial Control Solution

The XDL22-CBW8365 is a high-performance double-headed spring button switch designed for precise control in demanding electrical environments. Combining a robust zinc alloy and high-grade anti-flam plastic construction with an IP68 protection rating, it ensures reliable operation against dust and liquid ingress. The integrated LED pilot light provides clear visual status feedback, making it ideal for signal, warning, or emergency circuit applications.

Technical Specifications

Electrical Ratings

660 V

Max AC Voltage

400 V

Max DC Voltage

10 A

Thermal Current

Contact Performance

| Voltage (V) | AC-15A Rating (A) |
|-------------|-------------------|
| 110 | 6 |
| 230 | 3 |
| 240 | 3 |
| 400 | 2 |
| 500 | 1.6 |
| 600 | 0.75 |

Environmental & Durability

Protection Rating

IP40 • IP54 • IP65 • IP66 • IP67 • IP68

Mechanical Life Cycles

- Pushbutton: 3,000,000 cycles
- Emergency button: 300,000 cycles

Ambient Temperature

-5°C to +55°C (Operating); -25°C to +70°C (Storage)

Compliance & Installation

Certifications

CE, ISO 9001, RoHS, UL, IEC60947-5-1, GB/T14048

Fastening Torque

0.8 Nm
