

# Kitchen Food Processor with Glass Bowl

This food processor is a versatile kitchen appliance designed for various food preparation tasks. It features a transparent glass bowl for easy monitoring and incorporates control knobs for adjusting settings.

## Overview

### Versatile Kitchen Cooking Solution

This multifunctional food processor utilizes hot air circulation to deliver even, healthy cooking results without the need for excess oil or fat. Designed for efficiency, it cooks 2-3 times faster than standard ovens while saving up to 60% energy. The high-strength, transparent glass bowl allows for easy monitoring, while the user-friendly design ensures simple operation for roasting, baking, grilling, and BBQ applications.

## Technical Specifications

### Power Output

**800 W**

Minimum Power

**1000 W**

Maximum Power

Voltage Range	110V-240V
Frequency	50 Hz
Temperature Range	60 -250

## Capacity & Design

### Safety Design

- Lift handle to switch off
- Put down handle to switch on
- Heat resistant glass bowl

Bowl Capacity	12 L
Expanded Capacity	10 L

## Certifications

Compliance Approvals	CB, CE, EMC, LVD, GS, RoHS, SAA, LFGB
----------------------	---------------------------------------

## Logistics

### Container Load Capacity

Container Type	Quantity (pcs)
20' FCL	1200
40' FCL	2400
40' HQ	2800
