

Knitted Work Gloves with Reinforced Palm

Durable work gloves designed for hand protection. Features a knitted yellow fabric construction with a reinforced gray palm for enhanced grip and abrasion resistance.

Product Overview

Professional Hand Protection

These knitted work gloves are engineered to provide a balance of comfort and industrial-grade durability. Featuring a reinforced palm design, they offer superior grip and enhanced abrasion resistance for demanding environments. Their ergonomic construction ensures excellent dexterity, making them an ideal choice for a wide range of professional manual tasks.
