

Lantern Style Filament Wall Lamp

This wall lamp features a curved arm extending from a circular wall mount, leading to a classic lantern-style light fixture. The fixture consists of a metallic shade that flares outward, providing ample coverage and directing light downwards.

Product Overview

Lantern Style Filament Wall Lamp

This lantern-style wall lamp combines industrial and vintage aesthetics to create a versatile lighting solution for your space. It features a durable zinc construction finished with high-quality electrical plating. Designed for efficiency, this fixture provides soft, warm illumination across a 10 to 15 square meter area.
