Product Overview

Efficient Lawn Aeration

This manual lawn aerator roller is designed to improve soil health by allowing air, water, and nutrients to penetrate deep into the root zone. Featuring a durable zinc-plated pole and sturdy A3 steel construction, it effectively reduces soil compaction and promotes lush, vibrant grass growth. Its manual operation makes it an ideal, easy-to-use tool for residential gardening and lawn maintenance.

Technical Specifications

Model Number	GO-0102
Weight	3.2 kgs
Power Source	Manual

Materials & Construction

Handle Material	Zinc-plated metal
Wheel Material	PP (Polypropylene)
Frame Material	A3 Steel

Features

Application

- Lawn Aeration
- Garden Maintenance
