

LCD Display Module

This LCD display module provides a clear and concise visual output for electronic devices. It is commonly used in various applications for displaying information.

Product Overview

Versatile Cooling and Protection Components

This collection provides a comprehensive range of cooling and protective components suitable for various industrial and consumer electronics applications. The set includes high-performance DC 12V fans designed for automotive, refrigeration, and hard disk cooling, alongside essential maintenance accessories. With a wide array of protective metal guards and filter networks, this solution ensures optimal airflow management and hardware longevity.

Cooling Components

Available Fan Types	Automotive Fan, Refrigerator Fan, Electromagnetism Stove Fan, Hard Disk Fan
Voltage Rating	12 V

Protective Accessories

Available Guard Sizes

- 40mm
- 60mm
- 80mm
- 92mm
- 110mm
- 120mm
- 150mm
- 200mm

Finish Options

Zinc-plated • Gold-plated

Filter Network Specifications

120 mm
