

Leather Palm Work Gloves

These durable work gloves feature a white leather palm and fingers for excellent grip and protection. The back of the glove is constructed from a blue fabric, providing breathability and flexibility.

Overview

Durable Leather Palm Work Gloves

These work gloves are engineered for reliability in demanding environments, featuring a robust white leather palm and fingers that provide excellent grip and superior hand protection. The back is constructed from breathable blue fabric, ensuring flexibility and comfort during extended wear. Designed with a secure black elastic wrist cuff, these gloves effectively prevent debris from entering, making them an ideal choice for construction, gardening, and general-purpose industrial tasks.
