

# LED Car Headlight Bulb

This LED car headlight bulb has an integrated driver. Its compact design allows for easy installation and efficient heat dissipation, while providing a bright, focused beam pattern.

## Product Overview

### High-Performance LED Lighting

This LED car headlight bulb is engineered for superior brightness and a focused beam pattern, ensuring optimal visibility on the road. It features an integrated driver and a compact design, making installation quick and straightforward for various vehicle models. Built with efficient heat dissipation technology, this bulb is designed to maintain performance and reliability during extended use.

## Application

Usage	Car Headlight, Work Light
-------	---------------------------

## Dimensions

### Dimensional Specs

Component	Measurement
Overall Height	2.95 inch
Bulb Height	1.73 inch
Top Diameter	0.55 inch
Flange Diameter	1.81 inch
Base Diameter	1.53 inch

## Technical Features

### Key Features

- Integrated driver
- Compact design for easy installation
- Efficient heat dissipation
- Focused beam pattern
