

LED Emergency and Indicator Light

This emergency light provides illumination during power outages. It also functions as a visual indicator for different applications.

Product Overview

Versatile Emergency and Indicator Lighting

This LED emergency and indicator light is engineered for reliability and ease of use in critical signaling applications. Featuring a convenient screw base, it allows for quick and straightforward installation in a variety of systems. The unit utilizes a high-efficiency LED array protected by a durable, clear dome, ensuring consistent performance during power outages or as a status indicator.

Technical Specifications

Light Source	LED
Installation Method	Screw base
Design Features	Compact, Protective Dome, Emergency Ready

Application

Primary Applications

- Power outage illumination
- Visual status signaling
- Emergency lighting systems
