

LED Emergency Exit Sign

This LED emergency exit sign provides illuminated guidance during power outages. It features a running man symbol and directional arrow for clear visibility.

Overview

Reliable Emergency Egress Lighting

This LED emergency exit sign is engineered to provide clear, reliable guidance during power outages or emergency situations. Constructed with a durable plastic and PMMA housing, it ensures long-lasting performance in commercial and industrial environments. The unit features an energy-efficient design with a built-in rechargeable battery, guaranteeing consistent illumination when you need it most.

Technical Specifications

Housing Material	Plastic + PMMA
------------------	----------------

Power & Battery

Battery Capacity

1 AH Capacity	1.2 V Voltage
-------------------------	-------------------------

Battery Chemistry	NI-MH
-------------------	-------

Charge Type	AC Charge
-------------	-----------

Performance

Charging Time	24 h
---------------	------

Emergency Discharge Duration	3-4 hours
