

# LED Wall Lamp with USB Charging and Shelf

This modern LED wall lamp features a sleek black rectangular backplate with an integrated USB charging port and dual toggle switches. It also includes a wireless charging shelf and a circular LED light fixture, making it ideal for bedside or accent lighting.

## Product Overview

### Modern Illumination and Utility

This LED wall lamp combines minimalist aesthetics with practical functionality, making it an ideal choice for interior decoration. Featuring an integrated USB charging port and a convenient shelf, it serves as both a light source and a bedside utility hub. Its sleek design, characterized by a black backplate and gold accents, offers a sophisticated look suitable for modern living spaces.
