Product Overview

Precision Magnetic Indicator Base

This magnetic indicator base is engineered for high-precision applications in machining, inspection, and layout tasks. Featuring a robust magnetic hold with an integrated on/off switch, it ensures stable and secure positioning for various indicators and gauges. The fine adjustment capability allows for meticulous alignment, making it an essential tool for professional industrial environments.

Performance Specifications

Magnetic Force

60 KGS

Magnetic Force

80 KGS

Magnetic Force

Model Variants

Model Numbers

CZ-6C, WCZ-6C, CZ-6CL, WCZ-6CL, WCZ-6B

Features

Key Features

- Fine adjustment mechanism
- On/Off switch for magnetic base
- Articulating arm for flexible positioning
- Stable mounting platform
