

Manual Tile Cutter

This manual tile cutter features a precision scoring wheel and breaking mechanism. It is designed for accurate and clean cuts on ceramic, porcelain, and glass tiles.

Product Overview

Professional Manual Tile Cutter

This manual tile cutter is engineered for precision and durability, making it an essential tool for ceramic, porcelain, and glass tile installation. It features a heavy-duty base for stability and a high-accuracy scoring wheel that ensures clean, consistent cuts every time. Designed with an adjustable measuring guide and an ergonomic handle, this tool simplifies complex tile work for both professional contractors and dedicated DIY enthusiasts.
