

# Mesh Garden Utility Cart Wagon

This garden utility cart wagon features removable side meshes for versatile use. It has a load capacity of 650 lbs.

## Overview

### Versatile Utility Solution

This heavy-duty mesh garden utility cart is designed to streamline your landscaping and farm projects by reducing physical strain. Featuring a convertible flatbed design with quick-release sides, it offers exceptional flexibility for moving oversized objects. Its durable, corrosion-resistant construction and all-terrain tires ensure reliable performance across dirt, grass, and gravel.
