

# Metal Cut-Off Saw

This cut-off saw is designed for accurate and efficient material processing. It features a high-speed rotating blade, adjustable cutting angles, and a robust construction for durability.

## Overview

### Precision Metal Cutting Solution

The Cut-off Saw 92102 is a precision cutting tool engineered for accurate and efficient material processing. Featuring a high-speed rotating blade and adjustable cutting angles, it is built with robust construction for long-term durability. Equipped with a powerful motor, this saw ensures smooth, consistent performance across various materials, making it ideal for professional workshops and demanding projects.

## Technical Specifications

Blade Type	T.C.T SAW BLADE
Blade Dimensions	210x30x2.6
Maximum Speed	6600 RPM

## Features

Key Features	Adjustable Cutting Angles, High-Speed Rotation, Robust Construction, Secure Clamping Mechanism
--------------	--

## Safety

### Safety Equipment

- Blade Guard
- Secure Clamping Mechanisms
