

Micro A to Micro B USB 3.0 Cable

This is a high-speed USB 3.0 cable with Micro A type M to Micro B type M connectors. It supports data transfer rates up to 5Gbps and is ideal for connecting devices with Micro USB 3.0 ports.

Product Overview

High-Speed Connectivity Solution

This Micro A to Micro B USB 3.0 cable is engineered for high-performance data transfer needs in professional environments. With support for speeds up to 5Gbps, it ensures rapid and efficient communication between compatible devices. The cable is designed for durability and reliable conductivity, making it an ideal choice for technical applications requiring robust Micro USB 3.0 connectivity.

Technical Specifications

Key Performance Metrics

5 Gbps
Data Transfer Rate

Connector Configuration

- Micro A (Male)
- Micro B (Male)

Plating Options

Gold, Nickel

Model Identifier

CK9527
