

Microfiber Cycling Gloves with SBR Cushion

These cycling gloves feature a microfiber palm and SBR cushion for enhanced comfort. The back of the glove has a silicone print for added durability.

Product Overview

High-Performance Microfiber Cycling Gloves

These professional-grade cycling gloves are engineered for optimal control and comfort during road cycling or mountain biking. Featuring a microfiber palm with integrated SBR cushioning, they provide superior vibration dampening and grip. The breathable construction and neoprene cuff ensure a secure, customized fit for long-distance rides.
