

Microfiber Duster Set

This set includes three microfiber dusters, each featuring a unique color. The dusters are designed with soft, absorbent microfiber strands to effectively trap dust and dirt.

Product Overview

Professional Cleaning Performance

This Microfiber Duster Set is designed for high-efficiency cleaning in residential or commercial environments. Featuring three distinct, color-coded dusters, the set utilizes soft, absorbent microfiber strands that effectively trap dust and dirt particles rather than spreading them. The ergonomic handle design ensures user comfort during extended cleaning tasks, making it an ideal choice for maintaining furniture, shelves, and delicate surfaces.
