

Mini Electric Coffee and Spice Grinder

This mini electric grinder is designed for grinding coffee beans and spices. It features stainless steel blades and a compact design suitable for home use.

Product Overview

The B16 grinder features a durable stainless steel cup and blade system designed for fast and consistent grinding of various dry ingredients.

Compact Grinding Solution

The B16 Mini Household Grinder is a versatile, compact appliance designed for efficient grinding of coffee beans, spices, and dried fruits. Featuring a powerful 180W copper motor and durable stainless steel blades, it ensures consistent results for small batches. With its detachable design and simple push-button operation, this unit offers both convenience and easy maintenance for daily home use.
