Overview

Versatile Lifting Solution

This mini electric wire rope hoist is designed for a wide range of industrial and commercial applications, including machine manufacturing, electronics, and logistics. Featuring a compact and artistic design with a robust motor, it offers reliable performance for workshops, garages, and construction sites. The unit operates on standard 220V voltage, making it highly suitable for both light-duty industrial tasks and general civil use.

Technical Specifications

Integrated Safety Systems

- Limit switch
- Overload protection

Performance Metrics

500 kg

Max Lifting Capacity

Operating Voltage	220V
Available Lifting Capacities	200kg, 400kg, 500kg

Logistics & Packaging

Packaging Dimensions

Model	Dimensions (cm)
PA200	37 x 29 x 28
PA500	43.5 x 32.5 x 25.5

Application

Recommended Applications

Machine Manufacturing • Electronics • Automotive • Ship Building • Workshops • Warehouses • Construction Sites
