

Miniature Circuit Breaker 6KA

This compact mini circuit breaker is designed for residential and commercial applications. Rated at C10, it provides overload and short-circuit protection for circuits up to 230/400V.

Product Overview

High-Performance Circuit Protection

The ETM10 Miniature Circuit Breaker and ETG3 Isolator series are engineered to provide reliable overload and short-circuit protection for residential and commercial electrical systems. These units feature a robust 6kA breaking capacity and are designed to operate efficiently across standard voltage ranges. Built to meet stringent international safety standards, these components ensure consistent performance and safety for diverse electrical installations.

Technical Specifications

IP Rating
IP20

Breaking Capacity	6 kA
Max Voltage	415V
Frequency	50/60Hz
Operating Temperature Range	-25°C to +70°C

Configuration Options

Available Pole Configurations	1P, 2P, 3P, 4P
Trip Curve Types	B, C, D

Compliance & Standards

Compliance Standards

- IEC/EN60898-1
- IEC/EN60947-3
