Product Overview

Professional Circuit Protection

The S7 series miniature circuit breaker provides reliable overload and short-circuit protection for electrical installations. Designed for efficiency, it features a clear visual window to monitor working states at a glance and an ergonomic handle design for improved operational comfort. It is an ideal solution for industrial, commercial, high-rise, and residential building applications.

Technical Specifications

Breaking Capacity

6000 A

Breaking Capacity

Rated Current Options

- 32
- 63

Rated Voltage

230V / 400V

Rated Frequency

50 Hz

Compliance and Usage

Typical Applications

Industrial • Commercial • Residential • High-rise Buildings

Certification Standards

IEC60898-1, IEC/EN60898-1
