Overview

Mobile Power Solution

This trailer-mounted mobile diesel generator is engineered for reliable, portable power across diverse environments including construction sites, outdoor events, and emergency backup applications. Built with a robust, weather-resistant enclosure, the unit ensures protected and efficient operation in demanding conditions. Designed for rapid deployment and easy transportation, it provides a flexible energy solution for professional needs.

Performance

Power Output Range

5 kw

Minimum Output

2500 kw

Maximum Output

Compliance

Certification Standards

GB755, GB/T2820-2009

Features

Technical Highlights

- Trailer-mounted for high mobility
- Durable weather-resistant enclosure
- Diesel-powered engine
- Efficient power generation
- User-friendly control interface
