

Mobile Phone Accessories

These accessories enhance the functionality and aesthetics of mobile phones. They include a variety of options for protection, personalization, and improved user experience.

Product Overview

Modern Trolleybus Design

The GZ5101 trolleybus features a modern international design tailored for urban transit environments. It is equipped with integrated front and rear route indicator boxes to assist passengers and operators. The vehicle utilizes inward-swinging bi-fold doors at both front and rear entrances for efficient passenger flow.

Design & Configuration

Door Configuration	Inward-swinging bi-fold doors
