

Mobile Workshop Tool Trolley

This workshop trolley provides mobile tool storage and organization. Constructed from steel, it features multiple tray shelves and swivel casters for maneuverability.

Product Overview

Mobile Workshop Tool Trolley

This robust mobile workshop trolley is designed to provide efficient tool organization and mobility in professional settings. Featuring three spacious compartment shelves with raised edges, it ensures items remain secure during transport. Its durable construction is finished with a powder-coated surface for enhanced resistance to scratches and corrosion, making it ideal for daily industrial use.
