

Motion Sensor LED Floodlight

This LED floodlight comes with an integrated motion sensor for enhanced security and energy efficiency. It features adjustable sensor settings and a durable housing, making it ideal for outdoor use.

Product Overview

High-Performance Security Lighting

This motion sensor LED floodlight is engineered for durability and reliability in outdoor environments. Featuring a high-transmittance tempered glass cover and a robust die-casting aluminum housing, it ensures consistent illumination and long-term performance. The integrated PIR sensor adds an extra layer of security and energy efficiency, making it an ideal choice for professional lighting applications.

Technical Specifications

Sensor Type

PIR Sensor

Housing Material

Die-casting Aluminum

Light Transmittance

95 %

Performance & Durability

Rated Lifespan

15 yrs

Years

Usage Condition

5 hours per day

Features

Key Features

- Eco-friendly die-casting aluminum housing
- High transmittance tempered glass cover
- Integrated PIR motion sensor
- Energy efficient design
