Product Overview

High-Performance Brake Solutions

This premium motorcycle brake shoe is engineered specifically for GN125 and GS125 models, delivering reliable stopping power and enhanced safety. Constructed from durable ADC12 aluminum alloy, it ensures long-term structural integrity and consistent performance in demanding road conditions. Designed to meet or exceed original equipment standards, it serves as a perfect direct replacement for worn-out components.

Technical Specifications

Material	ADC12 Aluminum Alloy
Compatible Models	GN125, GS125
Model ID	WW-5115

Quality & Standards

Key Features

- Genuine part quality standards
- High-friction material for effective stopping
- Direct OEM replacement
- Long service life
