

Motorcycle Ignition Coil

This ignition coil is designed to provide a strong and consistent spark for motorcycle engines, ensuring optimal combustion. Its durable construction ensures long-lasting performance and improved engine reliability.

Product Overview

High-Performance Ignition Coil

This high-performance ignition coil is engineered to deliver a strong, consistent spark, ensuring optimal combustion and improved engine efficiency. Built with durable materials, it is designed to withstand demanding riding conditions and provide long-lasting reliability. It serves as an ideal replacement for worn or faulty ignition components across a wide range of motorcycle models.

Technical Details

Component Type

Ignition System • Engine Parts

Model Number

AM-IC-013

Key Features

Performance Benefits

- Consistent spark delivery
- Improved engine combustion efficiency
- Enhanced engine reliability
- Durable construction for demanding conditions
