

Multi-Door Refrigerator with Adjustable Shelves

This refrigerator features a multi-door design with adjustable shelves and compartments for organized storage. It includes a freezer section with drawers for frozen goods.

Product Overview

Professional Multi-Door Cooling Solution

This efficient multi-door refrigerator is engineered for optimal organization and food preservation. It features a spacious 222-litre net capacity, integrated with adjustable shelving and a dedicated vegetable crisper to maintain freshness. Its versatile design, including a reversible door and clear internal LED illumination, makes it a reliable choice for professional and high-standard environments.
