

# Multi-Function Electric Hot Pot Cooker

This multi-function hot pot is a versatile kitchen appliance designed for cooking a variety of dishes. It features a non-stick interior for easy cleaning and even heat distribution.

## Product Overview

### Versatile Kitchen Solution

This 4L multi-function electric hot pot is designed for efficient and versatile cooking, making it an excellent addition to any kitchen environment. Featuring a high-performance 1300W heating element and a large heating plate, it ensures rapid and even heat distribution for various cooking methods including boiling, simmering, and stewing. The non-stick interior simplifies cleanup, while the intuitive rotary knob control allows for precise temperature management.

## Technical Specifications

Capacity	4 L
Power Rating	1300 W
Voltage	220 V

## Features

### Surface Coating

Non-stick

### Cooking Capabilities

- Boiling
- Simmering
- Stewing

### Control Method

Rotary Knob

## Performance Metrics

### Heating Performance
