

Multi-Functional LED Work Light with Magnetic Base

This multi-functional LED work light is designed for diverse applications, including car repairs, camping, and emergency situations. It features a flexible rod for adjustable positioning and a magnetic base for secure attachment to metallic surfaces.

Overview

Versatile Multi-Functional LED Work Light

This high-performance COB LED work light is designed for professional and recreational versatility. Featuring a powerful 15-watt output and a 360-degree beam angle, it delivers superior illumination for outdoor adventures, roadside emergencies, and home maintenance. Its compact, lightweight design includes a magnetic base for hands-free operation and exceptional durability with waterproof and shockproof construction.
