

Multiple Chemistry Battery and Charger Set

This set includes a battery charger compatible with multiple battery types. It supports R20, R14, R6P, and R03P batteries with varying discharge times.

Product Overview

Versatile Battery Power Solutions

This comprehensive battery and charger set provides reliable power for a wide range of applications. Featuring multiple chemistries and form factors, including R20, R14, R6P, and R03P variants, these batteries are engineered for consistent performance under various load conditions. Designed for professional use, this set ensures you have the right energy source for your specific equipment requirements.

Technical Performance

R20 Iron Shell Discharge Performance

Load (Ⓢ)	Discharge Time
3.9	250 min
2.2	260 min
2.2	4.0 h
3.9	8.0 h
10	20.0 h
