Product Overview

Multi-Functional Air Treatment

This versatile Negative Ion Air Purifier combines air purification, humidification, and aromatherapy into one compact device. Designed for various settings like offices, homes, and hospitals, it effectively reduces airborne allergens, dust, and odors while maintaining optimal moisture levels. It features an integrated LED light system with seven color options, providing both functional air quality improvement and ambient lighting.

Technical Specifications

Construction Materials

- PP (Cover)
- PET (Bowl)

Power Consumption	13 W
Supported Voltages	AC220-240V, AC110-120V
Water Tank Capacity	1800 ml
Product Dimensions	24 x 24 x 22 cm

Features

Core Functions

- Air purification via negative ions
- Humidification
- Aromatherapy support
- Odor and allergen reduction

LED Lighting	7-color changing LED base with manual color selection
