Product Overview

High-Performance Rechargeable Energy

These Nickel Metal Hydride (Ni-MH) batteries provide a reliable and sustainable power solution for a wide range of electronic devices. Available in multiple sizes including AA and 2/3AA, these batteries offer versatile capacity options ranging from 300mAh to 2600mAh. With a consistent nominal voltage of 1.2V, they are designed for durability and performance in professional and consumer applications.

Technical Specifications

Nominal Voltage	1.2 V
Capacity Range	300 - 2600 mAh
Available Sizes	AA, AAA, 2/3AA

Compliance and Quality

Certifications

CE • SGS • UL • IEC • RoHS • ISO • MSDS • REACH • WERCS

Production Capabilities

Daily Production Capacity

500000 pcs

Ni-MH Batteries

200000 pcs

Li-polymer Batteries
