

Nitrile Coated Work Gloves

Lightweight work gloves feature a nitrile palm coating for enhanced grip and abrasion resistance. The breathable knit liner keeps hands cool and comfortable, while the elastic cuff provides a secure fit.

Overview

Professional Nitrile Coated Gloves

These lightweight and flexible work gloves feature a durable nitrile palm coating designed for enhanced grip and superior abrasion resistance. Engineered for maximum dexterity and tactile sensitivity, they are an ideal choice for general handling, assembly, and maintenance tasks. The breathable knit liner ensures comfort during extended wear, while the elastic cuff provides a secure and reliable fit.
