

Non-Sparking Striking Box Wrench with 12-Point End

This non-sparking striking box wrench is designed for use in hazardous environments. It is made from non-ferrous materials to prevent sparks.

Product Overview

Safety-Critical Striking Wrench

Designed for use in hazardous environments, this non-sparking striking box wrench is essential for industries where flammable vapors, liquids, gases, or dusts are present. The 12-point box end design ensures a secure grip on fasteners, minimizing slippage during high-torque applications. Engineered to prevent sparking during impact, this tool is ideal for demanding operations in petroleum, chemical, power generation, railroad, and mining sectors.

Technical Specifications

Surface Finish

Polished • Electrostatic Spraying

Production Process

Whole Forging

Material Options

Beryllium Copper Alloy, Aluminum Bronze

Available Colors

Natural, Green, Red

Size Specifications

Size Reference Table

No.	Size (mm)	Size (inch)
101	17	5/8
102	19	11/16
103	21	3/4
104	22	13/16
116	51	1-5/8
117	55	1-11/16
118	60	1-3/4

Applications

Suitable Industries

- Petroleum Industry
- Chemical Industry
- Power Generation
- Railroad
- Mining
