

Oil-Filled Space Heater with Adjustable Thermostat

This oil-filled radiator provides consistent space heating. It features an adjustable thermostat and multiple heat settings for customized temperature control.

Overview

Efficient Oil-Filled Heating Solution

This oil-filled space heater is designed for consistent and reliable warmth, featuring a large heating surface for effective radiation. Equipped with an adjustable thermostat and three heat settings, it offers customizable climate control for various environments. The unit prioritizes safety with triple overheat protection and pressure-tested construction, while ensuring mobility through smooth-rolling castors and integrated cord storage.

Technical Specifications

Power Supply	220-240V, 50/60Hz
Heat Settings	3
Turbo Fan Power	400 W
Certifications	GS, CE, EMC, ROHS

Features

Safety Features

Triple Overheat Protection • Pressure Tested • Indicator Lights

Convenience Features

- Adjustable thermostat control
- Smooth castors for easy movement
- Integrated cord storage
- Easy to clean surface
