

# Oilless Air Compressor with Twin Cylinder Pump

This oilless air compressor is designed for applications requiring compressed air. It features a compact design, red air tank, and twin cylinder pump for portability.

## Overview

### Compact Oil-Free Performance

This oilless air compressor features a twin-cylinder pump design, making it an ideal solution for applications requiring clean, oil-free compressed air. Its compact 9L tank and low-noise operation ensure it is suitable for light-duty tasks, including powering airbrushes, inflating tires, and operating small pneumatic tools. The unit is designed for portability and ease of use in professional environments.

## Performance Metrics

### Key Performance Metrics

**0.55 kW**

Power Output

**8 Bar**

Max Pressure

**110 L/min**

Air Delivery

**47 dB**

Noise Level

## Technical Specifications

Power Rating	0.55 kW (3/4 HP)
Max Pressure (PSI)	115 PSI
Air Delivery (CFM)	3.8 C.F.M
Air Tank Capacity	9 L
Speed	1440 RPM

## Physical Dimensions

Dimensions (L x W x H)	47cm x 20cm x 55cm
------------------------	--------------------

## Features

Key Features	Oil-free, Twin Cylinder, Low Noise, Compact Design
