

Opaque Spherical Light Bulb with Screw Base

This is an opaque spherical light bulb with a standard screw base. The bulb is white and has a smooth, matte finish.

Product Overview

General Lighting Solution

This opaque spherical light bulb is designed for versatile general lighting applications. Featuring a classic spherical shape with a smooth, matte white finish, it provides consistent light diffusion. The standard screw base ensures compatibility with common lighting fixtures, making it a reliable choice for professional and commercial environments.
