

Outdoor RGB LED Display with P8 Pixel Pitch

Outdoor RGB LED display featuring P8 pixel pitch for high-resolution visuals. It is built for all-weather performance, ensuring excellent visibility in direct sunlight.

Product Overview

Outdoor RGB LED Display

This outdoor RGB LED display features an 8mm pixel pitch, engineered for vibrant and high-resolution visuals in demanding outdoor environments. With robust construction designed for all-weather performance, it ensures long-term reliability for continuous operation. The display offers high brightness and a superior contrast ratio, guaranteeing excellent visibility even under direct sunlight, making it an ideal solution for advertising, information dissemination, and entertainment applications.

Technical Specifications

Pixel Pitch	8 mm
Pixel Density	15625 dots/m ²
Module Size	256 x 128 mm
Pixel Resolution	32 x 16 dots
Scan Mode	1/4S
