

Personal Evaporative Air Cooler

This compact air cooler is designed for personal use. It features adjustable fan speeds and a water tank for evaporative cooling.

Overview

Compact Personal Cooling Solution

This portable evaporative air cooler is designed specifically for personal comfort in small spaces, such as offices, bedside tables, or study areas. By utilizing an integrated water tank system, the unit provides localized evaporative cooling to lower ambient temperatures effectively. It features adjustable fan speeds and an intuitive control panel, making it a convenient and user-friendly choice for improving comfort in hot environments.

Technical Specifications

Cooling Technology	Evaporative Cooling
Fan Speed Control	Yes
Ideal Use Cases	Office Desk, Bedside, Small Spaces, Personal Cooling
