Overview

High-Performance Modular Conveyor Belt

The HS-1000B is a versatile plastic modular conveyor belt engineered for demanding industrial environments, including food processing and non-food manufacturing. Its modular design facilitates easy assembly, maintenance, and cleaning, significantly reducing downtime. Built with food-grade materials and featuring an open grid structure for efficient drainage and airflow, it ensures hygiene and reliability in critical applications.

Physical Dimensions

Pitch	19 mm
Belt Thickness	8.5 mm
Minimum Width	77 mm
Rod Diameter	4.5 mm
Open Area	27 %

Technical Specifications

Available Colors

White • Blue • Gray • Nature • Dark-brown

Maximum Load Capacity

1.2 tons/m²

Max Load

Key Features

- Flight available
- Easy to clean
- Maintenance free
- Floating in water
- Food defrosting capable

Sprocket Configuration

Feature	Details
Sprocket Sizes	7T, 10T, 17T, 24T
Bore Types	Square bore & Round bore

Available Materials PP, POM, PE, PA

Working Temperature -40°C to 260°C

Certifications FDA, EU

Applications

Suitable Industries

- Food Industry (Meat, Poultry, Seafood, Bakery, Snacks, Produce)
- Automotive
- Tire Manufacturing
- Packaging
- Printing/Paper
- Postal
- Corrugated Cardboard
- Can Manufacturing
- PET Manufacturing
- Textile
