

Pneumatic Narrow Crown Stapler

This pneumatic narrow crown stapler is designed for various fastening applications. It features a lightweight design, adjustable depth control, and a quick-release nose for easy jam clearing.

Overview

Professional Pneumatic Narrow Crown Stapler

This pneumatic narrow crown stapler is engineered for versatility and reliability in professional woodworking, upholstery, and construction environments. It features a lightweight construction to reduce operator fatigue during extended use, coupled with adjustable depth control for precision fastening. Designed for efficiency, the tool includes a quick-release nose mechanism to minimize downtime by allowing for fast and easy jam clearing.

Key Features

Core Features

- Lightweight design
- Adjustable depth control
- Quick-release nose mechanism
- Easy jam clearing

Applications

Recommended Applications

Woodworking, Upholstery, Construction

Technical Requirements

Power Source

Compressed Air
