

Pneumatic Spray Gun with Adjustable Controls

This high-performance pneumatic spray gun is suitable for a variety of coating applications. It features adjustable fluid and air controls for precise spray patterns and minimal overspray.

Product Overview

Professional Performance Spray Gun

This high-performance pneumatic spray gun is engineered for precision and efficiency in demanding industrial environments. Featuring adjustable fluid and air controls, it allows operators to achieve exact spray patterns while significantly minimizing overspray. Its gravity-feed design optimizes material usage and reduces waste, making it an ideal tool for automotive refinishing, woodworking, and general industrial coating applications.

Design & Ergonomics

Feed System	Gravity Feed
Handle Design	Ergonomic

Performance & Control

Adjustable Controls	Fluid Control, Air Control
Power Source	Compressed Air

Applications

Primary Applications

- Automotive Refinishing
- Woodworking
- Industrial Coating
