

Polyester Expandable Sleeving

JDD polyester expandable sleeving is flame-retardant and halogen-free. It offers durable abrasion resistance in a wide range of industrial applications.

Product Overview

High-Performance Protection

This polyester expandable sleeving provides a durable, lightweight, and flexible solution for protecting wires, cables, and hoses. Its open weave construction ensures easy installation over existing harnesses while allowing for ventilation to prevent heat buildup. Engineered to withstand harsh environments, it offers excellent abrasion resistance and protection against chemicals, solvents, and UV radiation.

Technical Specifications

Temperature Range

-50 °C

Min Temperature

150 °C

Max Temperature

Expansion Ratio

1.5 x

Material Properties

Flame-retardant, Halogen-free, Abrasion Resistant, UV Resistant, Chemical Resistant

Applications

Suitable Industries

- Automotive
- Marine
- Industrial Machinery
- Cable Management
