Product Overview

High-Strength Polyester Webbing Sling

This durable polyester webbing sling is designed for heavy-duty industrial lifting applications. It features reinforced eyes for enhanced durability and superior load distribution during rigging tasks. Available in multiple configurations including single, double, three, and four-ply options, it ensures reliable and safe lifting performance when used correctly.

Safety & Compliance

Critical Safety Warnings

- Inspect sling for damage before each use
- Always protect webbing from sharp edges
- Do not exceed rated lifting capacity
- Avoid exposure to acid, alkali, and direct sunlight
- Do not tie knots in the webbing
- Use only if properly trained
