

# Portable 12V Bubble Car Washer

This portable bubble car washer is a self-contained cleaning system designed for on-the-go use. Powered by a 12V DC adapter, it features an adjustable spray nozzle and integrated hose for effective cleaning of vehicles and outdoor equipment.

## Product Overview

### Portable 12V Cleaning Solution

This portable bubble car washer is a self-contained, versatile cleaning system designed for convenience and mobility. Powered by a 12V source, it connects directly to a vehicle's cigarette lighter socket, making it perfect for on-the-go cleaning of cars and outdoor equipment. With its integrated 17L water reservoir and durable construction, it provides a consistent, high-pressure spray for effective cleaning anywhere.
