Overview

Portable Power Solution

This portable gasoline generator is engineered for reliable performance in diverse environments, including job sites, camping, and emergency home backup. It features a robust 80cc 4-stroke engine designed for efficiency and durability. With a compact design and protective frame, it offers a practical balance of power and portability for professional and recreational applications.

Performance

Power Output

1500 W

Starting Watts

1200 W

Running Watts

Engine Specifications

- 80cc Displacement
- 4-Stroke
- Single Cylinder
- OHV (Overhead Valve)
- Air Cooled

Operation

Fuel System	5.5 L
Starting Method	Recoil
Noise Level	65 dB(A)

Connectivity

Available Outlets

AC 120V 20A, DC 12V 8.3A

Safety & Features

Safety Features

- Low oil shutoff sensor
- Neutral bonded to frame
- Protective frame construction
