

Portable Earth Auger

This earth auger is a powerful and efficient tool for digging holes in the ground. It is ideal for applications such as fence post installation, tree planting, and soil sampling.

Overview

Portable Earth Auger 3WT-200D

The 3WT-200D Portable Earth Auger is a robust and efficient tool engineered for demanding ground-digging tasks. Powered by a reliable 63cc 2-stroke engine, it delivers consistent performance for applications ranging from fence post installation to tree planting and soil sampling. Designed with portability and power in mind, this unit provides the necessary torque for effective soil penetration while remaining manageable for field operations.

Technical Specifications

Power Output

2.2 kW

Power

7500 RPM

Rated Speed

Engine Displacement	63 cc
Engine Type	2 Stroke
Fuel Tank Capacity	1300 ml

Physical Characteristics

Weight

Type	Weight
Net Weight	12 kg
Gross Weight	14 kg

Packing Dimensions

- 620 x 410 x 320 mm
- 820 x 220 x 215 mm

Identification

Model Number	3WT-200D
Engine Model	1E48F
