Overview

Compact Power for Construction

This portable electric cement mixer is engineered for efficiency on small to medium-sized construction and landscaping projects. Featuring a high-torque 1/2 HP motor and a durable 3.5 cubic foot polyethylene drum, it delivers consistent mixing performance for concrete, mortar, and stucco. Its robust steel frame, combined with flat-resistant pneumatic tires, ensures excellent stability and maneuverability across various job site terrains.

Technical Specifications

Max Mixing Weight

180 lbs
Max Load

Motor Power	0.5 HP
Drum Capacity	3.5 cu ft
Drum Rotation Speed	28 RPM

Design & Build

Drum Dimensions

Dimension	Value
Diameter	22 in.
Opening	17 in.
Gauge	5/16 in.

Frame Features

- Heavy-duty steel construction
- Removable handles
- Flat-resistant 10 in. pneumatic tires

Motor Type

Capacitor Start • High Torque

Drum Material	Polyethylene
Mixing Blades	2 blades
